Jacksonville, Florida 32257

Dear Dawn,

I wanted to take a moment and let you know how pleased we have been with the services offered by The Doctor Center Health Services. You will recall we began our relationship a little over a year ago when we decided to utilize your services for our hearing conservation program.

Through our many conversations I have realized the value that your organization can bring to many employers. Although we currently only utilize your services for hearing test I am greatly aware of the other advantages your organization offers. The staff that I have dealt with is very professional and always willing to go the extra step to ensure the customer is pleased with the services. With the performance of you and your staff to date I am looking forward to more experiences with your organization in the future.

I want to thank you for caring for my employees as I would care for them.
